Winter edition

We are starting the new year with full hearts! Thanks to our amazing community, our adoption numbers have been awesome. In December, nine dogs: Caesar, Finnian, Ozzy, Brownie, Ms. Bella, Millie, Dexter, Lester, and Lolita have found their forever homes, along with our sweet cat, Miss Muffett.

The excitement has continued into January, with six dogs named Tidbit, Joppa, Smooches, Otis, Duke, and Hazel. Also a lucky cat named Hogarth has already been adopted and started another chapter of their life. Weathering the Storm Together

Even with the heavy snowfall covering the sanctuary, our animals are still happy and doing well. We want to give a big thank you to Gary and our hardworking volunteers for making sure everything was ready for the winter weather. Because of them, our animals are staying safe and cozy.

Featuring dogs

Helium

At 9 years, this 63lb Old English Bulldog is a "chill vibes" professional. He loves snacks, naps, and snoring like a freight train. He's looking for a cool, AC-chilled home where he can be your one and only king.

Rocky

A handsome boy with one blue eye and one brown, Rocky is a loyal companion who loves human attention. He's house trained, crate trained, and ready for a quiet home (he'd prefer to be your "one and only" or live with a calm, small dog).

The Great Hay Delivery

At the beginning of January, we had a very big delivery. A huge shipment of hay came in to feed our animals. Thanks to our amazing community, a big group of neighbors showed up to help. Together, we moved and stored 100 bales of hay in just 30 minutes!

New Friends

Meet Mocha and Bun!

We have two new friends in our Herd! Please say hello to Mocha and Bun. These two are bonded best friends, which means they go everywhere together. They came to us from our friends at BARCS. Mocha and Bun are still getting used to their new home, but they are already fitting right in.

Fun Fact:

Did you know that goats love to brush themselves?

They like to lean their heads and backs against a sturdy brush to scratch those itchy spots. It is like their very own backyard spa! A huge thank you to our volunteer, Bryan, for setting up these wonderful brushes. Thanks to your donations and Bryan's hard work, the Hatton goats are staying groomed, happy, and very relaxed!

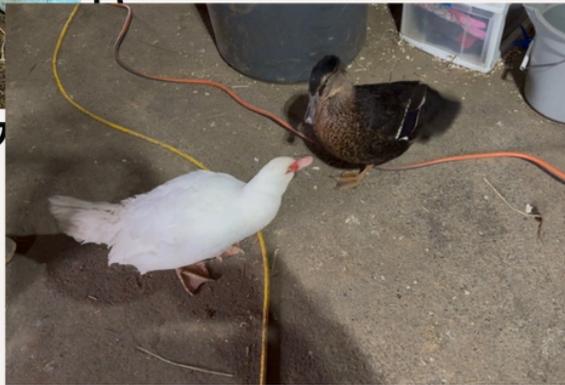

New Best Friends: Nemo and Matilda

Nemo and Matilda had a different plan. Instead of staying at the duck area, they decided to move into the barn all by themselves. By choosing to live in the barn together, they have become inseparable friends. You will always see them side by side! This shows that at Hatton, everyone finds their own special place and a best friend to share it with.
