

Hatton Newsletter

It has been another busy two months at Hatton Animal Rescue Foundation! We are happy to share that 15 dogs and 5 cats have been adopted and are now beginning a new wonderful journey. We are very grateful to every adopter who chose to give one of our animals a loving home.

Our animals have also been spoiled by some thoughtful gifts. A generous hay donation will help keep our farm friends happy and well fed. Our chickens have also received a new home of their very own. We are so thankful to everyone who helps make these special things possible.

We have also welcomed new members to the Hatton family, and we are excited to watch them settle in and get to know their new surroundings. We are happy to introduce some of them in this newsletter!

Thank you to our volunteers, donors, adopters, and supporters for being such an important part of Hatton. Every act of kindness helps make a difference, and together, we are creating a safer and happier home for so many animals.

Isla: Now and Then

It's hard to believe how much little Isla has grown in just four months! From a tiny lamb to the beautiful girl she is today, she's growing up so fast!

Magic (35 yo)

He has been with us for 17 years. He was no longer able to be ridden and his owner needed to find somewhere he could live out his life. When our pony named Freckles went blind, he became the perfect companion horse. He looks out for her and she depends on him as a security blanket.
