SPRING EDITION

April 2025

Hello everyone!

It's me Lana! With spring here, I'm excited to bring you the latest updates, heartwarming stories, and ways you can help animals in need. I am also sad to say that we had a tough time with our seniors named Joy and Gerbil that have passed away, but they will always be in our hearts. But the good news is that Surgery on Dexter's hip went well!

A big thanks to Vegan-Powered for helping out at the sanctuary! They worked on big projects that usually take too much time for our volunteers.

Thank you for being part of this journey. Let's make this spring extra special for the animals who need us!

Thank you!

Adopted

Minnie got adopted and reunited with her litter mate!

One of our favorite dogs named Pearl has also been adopted!

<p>New Animal</p>	<p>Betsy</p>		<p>Goat</p>	<p>Betsy is our new goat that has just joined our herd at Hatton Animal sanctuary!</p>
<p>Available for adoption</p>	<p>Wadud and Moses</p>	 <p>Petfinder link</p>	<p>Dogs</p>	<p>Moses and Wadud are a bonded pair of dogs looking for a loving home. Moses is a 5-year-old Bichon/Yorkie mix, and Wadud is a 7-year-old Bichon/Poodle mix. They are friendly, enjoy being around people, and love playing together. They are up-to-date on vaccinations and neutered. They would thrive in a home that offers attention and exercise but due to Wadud's vocal nature, apartments or townhomes are not recommended.</p>
<p>Available for adoption</p>	<p>Dexter</p>		<p>Dog</p>	<p>Dexter got hit by a car and x-rays have been shown that he has a dislocated hip bone and several fractures. His surgeries went well and he will be available for adoption after he finishes his PT.</p>

Extra Facts

Both Tommy and Mac were dragging their bed out to lay out in the sun! They are so cute and smart!#gottalovethesun
